THE WEEKLY GAZETTE is now the largest paper printed in the State, and having the matter published in the DAILY to select from, we challenge comparison with any newspaper in Wisconsin. In correct political doctrine, in reliable market reports, in giving the latest news from all quarters, in literary merit and in local information relating to this city and county, we shall spare no pains to make the WEEKLY GAZETTE worthy of public patronage and support.

"WHEN THE *Administration puts its policy on paper, we must support it, whatever we think of it individually. When you hear a man finding too much fault with the Administration, you can rely on it that in secret he is opposed to the war."—George B. Smith in* 1862.

"THIS ADMINISTRATION *is dragging us down to ruin faster, inconceivably faster, than the Southern Confederacy could do if they were left unobstructed to assail us."—George B. Smith, in* 1864.

Rally Round the Flag.

Hon. B. F Hopkins and Col. C. R. Gill will speak for Lincoln and Johnson at the Court Room on Tuesday evening. There will be good music, good singing and good talking. Ladies will be welcome.

Sheep.

The wool-growers of Wisconsin may congratulate themselves upon the decided success of their department of the fair. There were more highly bred sheep exhibited on this occasion, than at any previous fair in the State. They were, also, more uniformly good than we have witnessed on former occasions of the kind. Breeders of fine sheep in our State appear to have acquired that self-reliance and a confidence in the success of their efforts which is necessary. It has been ascertained that our soil and climate are unsurpassed for sheep raising. All acknowledge this who have visited Wisconsin, and who are capable by experience of forming a correct judgment. It was no empty compliment when Governor Wright declared this to be an excellent sheep raising country, and that it was only necessary that we should go onward to succeed.

In looking through the sheep pens of the exhibitors on the fair ground we were struck with this difference as compared with other fairs—the best sheep belonged to Wisconsin breeders, and not to persons from other States, seeking for purchasers. It was also to be noted, as an encouragement to breeders of fine sheep that among Spanish merinos, bred in the State, the improvement from the introduction of Mr. Hemmingway's "Washoe" buck was quite perceptible. This was generally acknowledged, and what one enterprising and intelligent breeder may do, can be effected by others. At the next exhibition we expect to see a still greater improvement, as there were several fine animals present that will produce a change for the better in many flocks. With the foundation that has been laid in this important branch of stock raising, there is no reason why Wisconsin may not take the place of Vermont in furnishing the west with thorough-bred sheep, as we have the advantage of similarity of climate and contiguity of location.

Richard Richards, of Racine, exhibited a flock of 14 Spanish merinos, 13 of which were Wisconsin bred. That this was one of the finest flocks on the ground no one can dispute. Mr. Richards may feel proud of them as we certainly felt a glow of satisfaction that our State can produce animals of such decided excellence.

C M Clark, Whitewater—twenty-six Spanish merinos, eighteen of them Wisconsin bred. This was, also, one of the best flocks exhibited at this fair. It may be doubtful if it did not take the precedence in all the good qualities of this variety of the sheep. Mr. Clark evidently has confidence in his business as he has just imported a buck from Vermont which cost him in that State $1250, which was on exhibition and attracted much attention and was greatly admired.

E M Rice, Whitewater—eight Spanish merino bucks—a very good flock.

A Richmond, Whitewater—Six Spanish merinos—good in every respect and creditable to the exhibition.

T. Goodhue, Lima—eight Spanish merinos. Unluckily for us we did not see this flock until most of them were sold or taken away, but from Mr. Goodhue's reputation as a breeder, we may guess that they were among the best.

O. Salsbury, Lima—seven Spanish merino bucks, Wisconsin bred. Quite good.

Lewis Clark, Beloit—fifteen Spanish merinos, Wisconsin bred. Very fair.

J. V. Daniels, A. L. Drake, A. F. Knox, Horace Williams, and C H. Jones, exhibited pens of Vermont sheep. They were all good, and many of them excellent.

Great credit is due to Vermont sheep breeders as the pioneers in this business, but we must be pardoned for giving preference to sheep bred in our own state, as we consider them more legitimately competing in our own state fair, and better adapted to soil and climate.

The Southdown sheep were well represented from the flocks of Simon Ruble, Beloit; Matthew Towers, Omro; and Clinton Babbitt, Beloit. This breed of sheep are considered by many to be more profitable and better adopted to the production of both wool and mutton than any other. Such could not fail to be pleased by the appearance of those exhibited.

L. D. Butts, West Milton exhibited a Leicester buck and two lambs. They deservedly attracted much notice, as a large and hardy variety, well adapted to the production of both mutton and a heavy fleece.

W. L. V. Crandell, Milton had on exhibition a French merino buck, a splendid animal producing those immence fleece of fine wool for which this species is famous.

THE NOMINATION of Marshal McMahon, Duke of Magenta, as Governor-General of Algeria, has already been announced. It was Marshal McMahon who said to an aide as he was rushing into the Malakoff; "Tell General Pellisier that if we are blown up, he must immediately crown the crater with other men."

WHY is it that none of the abolition newspapers will praise Mr. Lincoln personally and defend him against the attacks upon him?—*Madison Patriot.*

The honest, straight forward course of President Lincoln is his best eulogium; and as for a man's attempting to defend his friend against the attacks of a skunk, it is preposterous. Certainly the filth of a No. 1 polecat could not begin to equal that ejected from the copperhead press at President Lincoln. Defend him from such stink pots, bah!

CUTTING BOTH WAYS.—Now that the French in Lower Canada have expressed their determination, through the press and at large public meetings, to resist the plan of the confederation, and demand their independence and a nationality of their own, the Montreal *Gazette*, which has been the great ally of the Southern rebels, changes its tone. It says: "Naught but mischief can come of setting race against race and neighbor against neighbor thus." Yet the *Gazette* has done everything in its power to stir up the South against the North, and neighbor against neighbor over here in the North. We think, from appearances, that these rabid Canadian editors will themselves have a taste of civil war ere long, and if so, "the poisoned chalice will be commended to their own lips."

AT the McClellan meeting in Philadelphia, Saturday night, one of the transparencies represented "the grave of the Union." The President and Cabinet were represented riding in a hearse, drawn by jackasses with human faces representing General Grant, General Sherman, and other Union commanders. General Grant was represented as saying, "I pull for the side that pays best." Such is the honor our heroes get from the Peace Democrats.

The Macon *Telegraph*, of the 27th, gives the following as a reliable estimate of Sherman's army: Army of the Cumberland, Gen. Schofield, encamped at Decatur, 25,000; army of Mississippi, Gen. Smith, encamped at Eastpoint, 23,000; army of Tennessee, Gen. Thomas, encamped at Atlanta, 55,000; total, 103,000. If Sherman has that many men the rebels may as well give up and ground their arms, as they can muster no force able to resist such an army.

AN AMUSING INCIDENT.—Just as the services were to commence Sunday morning, says the Chicago *Journal*, at the Desplaines Street Methodist Church, the Rev. E. M. Boring received the following note containing a ten-dollar greenback:

OCTOBER, 2, 1864.

MR. PREACHER—*Sir:* Knowing that a man can preach better with money in his pocket, I send you this pittance. Please accept this, and give us a rouser.

Yours truly, MONEY.

HOOP SKIRTS have recently decreased in size and are more acceptable to the wearers on account of their compactness. A new skirt, recently patented, has been very generally introduced, bearing the title of "Duplex Elliptic." They are much worn, and regarded as a decided improvement, over other styles in regard to their flexibility.

THE NEW NATION.—The injunction restraining the publication of the *New Nation* has been removed, and the republication of that journal is resumed. It will be henceforth edited and published by G. Clauseret alone, and will support the Administration, and oppose and expose the Chicago McClellan platform.

A DECISION ON MANNERS.—The Paris correspondent of the London *Star* says that the Jockey Club, before whose decrees the fashionable world bend, have decided that the English custom of shaking hands is henceforth to be considered the correct thing; and furthermore, in order to protect ladies from the annoyance of having to return the bows of any man who may choose to take off his hat in public, the English fashion is to be adopted of ladies bowing first.

GOING TO THE FRONT AGAIN.—Dr. J. B. BY ORDER OF TOWN COMMITTEE.

October 3d, 1864.

MASS MEETING AT BELOIT.—The Union men of Beloit are making extended preparations for an enormous mass meeting to be held in that city on the 19th inst. Some of the very best speakers in the country are expected to be present, and those who are acquainted with the Union men of that place and know their energy and efficiency, reasonably count upon a big time.

THEIR LIGHT PUT OUT.—The copperheads of Madison celebrated McClellan's nomination on Saturday. They held their meeting in the day time according to programme, but in the evening they wanted a little more light. Accordingly Judge V. waited on the officers of the railroad company to procure a head light. Railroad man objected to letting it go, and insisted that somebody must be responsible for it. The Judge shouldered the responsibility, and mounted the light upon a wagon.

But alas and alack for the man who took the responsibility; some unruly parties demolished the head light, utterly, and left the Judge nothing to do but foot the bill of $200.

TURN OUT this evening and hear Messrs. Hopkins and Gell, at the Court Room this evening.

CITY SEALER.—Our readers will see by reference to our advertising columns that Capt. Macloon is now on hand for our dealers who sell goods by weight or measure. From what we know of "the Captain"—we think he will "be after" all those who neglect to comply with the statute and the penalty is very severe in such cases.

PERSONAL.—We are gratified to learn that Gen. T. H. Ruger, who arrived home here a few days since, in ill health, is rapidly improving, and it is hoped will soon be able to resume his duties in the field. Wisconsin has a right to be proud of this gentleman as one of her most gallant sons. In every position where he has been placed, he has done himself and the State honor, and on many a bloody field of conflict, he has shown the highest and truest courage and ability. May he soon be restored to health.

WOOL GROWERS MEETING.—The wool growers of Wisconsin met at the court room in this city, on Wednesday evening Sept 28th. G. H. Stuart, president of the former organization occupied the chair, and M. Spear, acted as Secretary.

A committee on organization was appointed, consisting of E. M. Danforth, H. Hemmingway and R. L. Groves, and the meeting adjourned.

The committee reported the following officers for the ensuing year, who were elected: Eli Stillson, Oshkosh, President; C. M. Clark and T. W. Hill, Vice Presidents; E. S. Hammond, Fond du Lac, Secretary; J. Flint, Mr Thomas, R. Richards, C. H. Williams, and John P. Roe, Executive committee.

At a subsequent meeting, on Thursday, the following constitution was adopted:

STOCKS OF GOODS and personal property have increased in value from two to three hundred per cent., since 1862. Have you increased your insurance in proportion? It costs double to build now, over and above what it did in 1862. You may well ask, am I insured? and if so, am I in the companies that are able to stand up against the breakers that are just ahead? Look out for squalls about these days. Grant, Sherman & Co., are likely to injure the *small fry*. THE NEWS HIGHLY CHEERING!

FROM GRANT'S ARMY.

FT. MONROE, October 3.—The mail boat *Webster* from City Point has arrived here. The rumor that Petersburg has been evacuated is incorrect. Heavy firing has been heard all this morning from the north bank of the James, but nothing important has been received as to the results. Rebel fugitives of all classes are pouring into Bermuda Hundreds in every conceivable manner. Some are coming down the river on rafts in their eagerness to escape from the perils of the Confederacy. Rebel officers now prisoners in our hands, say they think Richmond can't much longer withstand the siege now in progress. All here are full of hope of success. Our soldiers are in high spirits, expecting soon to achieve the greatest results.

NEW YORK, October 3.—The *Tribune's* special says our lines now extend from Chapin's Bluff to the White Oak Swamp, at a distance of from 5 to 6 miles from Richmond. From the Bluff we command the enemy's lower pontoon bridge across the James. The regiments the most warmly engaged were the 11th New York, 9th Maine, 81st New York, 6th Connecticut, 40th and 142d New York and Gen. Paine's colored division. Our entire loss is estimated at 700.

NEW YORK, October 3.—The *Herald's* 10 corps correspondent says, rebel prisoners say Davis and his cabinet have fled from Richmond. The *Whig* was the only Richmond paper printed on the 30th, owing to the general impressment of arms bearers. Lee is said to be acting independently of all instructions. He is in fact military dictator of the rebellion. As his retreat in the direction of Weldon are cut off, it is thought he will concentrate his forces in Richmond and fight the life or death struggle there.

The following is the *Tribune's* special account of the operations below Petersburg: On the 20th Gen. Gregg, supported by two brigades of infantry pushed a reconnoisance from our left toward the Lynchburg railroad as far as Sap Spring Church, beyond the Vaughan Turnpike. Gen. Griffin's division of the 5th corps advancing beyond the Church in a Northwest direction came on the enemy in a strong position about two miles from the Weldon railroad. Their preparations for defence, though not completed, were very formidable but Gen. Griffin decided to carry the works by storm and formed his division in three lines of battle by brigades, with the 3d brigade in advance under Col. Swinn, of the 11th Pennsylvania.

NEW YORK, Oct. 3.—The *Herald* has the following special account of the fighting north of the James on Friday. Three desperate efforts were made by the enemy to retake the works captured from them by us Thursday. Gen. Lee in person commanded, but the rebels were each time drove back with considerable loss. The enemy were discovered about 2 o'clock massing in a wood nearly opposite the fort captured yesterday, and in half an hour they charged with wild yells in three heavy columns. The rams at the same time opened upon our position and one line was exposed to the fire from the rebel battery on the river. The men however, stood steady to their posts and received the rebels with so hot, well directed and incessant fire that they broke in confusion and retired to the woods. Twice again they were rallied by their officers and returned to the charge but only with the same result, until finally broken and dispirited they fell back in considerable confusion leaving the ground covered with their dead and wounded.

The prisoners report a thousand at least killed and wounded. Over 300 prisoners were taken by us including many officers and the greater part of the 8th N. C. regiment. Among the captured are several field officers and Capt. Maguire Inspector General of Clingman's staff. The regimental flags were taken all by Staunards division. Two of them were captured by the 13th Conn. and 8th Pa.

The fight has been pronounced one of the most desperate and brilliant of the war, and by his skill and management of his troops Gen. Weitzel has added one more leaf to the laurels won in La.

The assault was perfectly and brilliantly successful. The whole line was taken with two or three guns and about fifty prisoners, and the other guns were dragged away. The rebels left their dead and wounded on the field. The prisoners belonged to Beauregard's command, and among them was 1 Major, 1 Captain, and 5 Lieutenants. Our loss was not over 150. One of our bravest officers, Col. Meech of the 16th Michigan was killed and the following officers were wounded: Major Partridge, 16th Michigan; Lt. Wirt, 16th Michigan; Lt. Baird, of the 16th Michigan.

NEW YORK, Oct. 4.—The *Herald's* City Point correspondent of the 2d says, as the mail boat is about to leave, I send a few particulars of an attack in force by the enemy upon our left yesterday p. m. Under cover of the rain storm they massed two divisions of cavalry and several regiments of infantry, and attacked Wilson's cavalry on the left of Warren's new position, where a desperate fight ensued. We lost over 100 men in killed and wounded, but maintained the ground. Towards night the enemy gave up the attack and retired. This was the only important operation of the day.

The *Herald's* correspondent with the cavalry Oct. 1, says it has been fully ascertained that the rebel Generals Hampton, W. Lee and Young were opposed to us during the engagement of yesterday and day before. They have been so severely punished by our cavalry, that they will only fight under the most advantageous circumstances.

The *Herald's* correspondent with the 10th corps Oct. 1st, says the grand feature of the day has been a reconnoisance in force up to the inner line of the rebel works. Birney has again pushed his forcer up to the very outskirts of the city and has only refrained from entering and taking possession because his orders would not permit him to do so.

This morning the division of Gen. Forney, with Kautz cavalry started out on the mission of feeling of the enemy and ascertaining his strength in the immediate vicinity of Richmond. For this delicate move the dispositions were made as follows: Two brigades of infantry moved out by their right flank, to the Central road, and covered by the cavalry, advanced up the road toward the city. Col. Spear's brigade of Kaut's cavalry, with one section of horse artillery, was thrown out in the circles of the city road, with skirmishers deployed on the left to the Central Road, to cover the movement in that direction.—The rest of the cavalry deployed as skirmishers in front of the infantry and extended their line on the left of our main line. Six pieces of horse artillery accompanied the movement on the Central Road. When the line had advanced to the Rowell House, a point on the Central Road about three miles from Richmond, they met a line of rebel skirmishers. At this point the cavalry skirmishers were withdrawn, and the 7th and 10th regiments, Conn., infantry deployed in their stead. These regiments advanced handsomely, driving the rebels before them with ease. The rest of the column advanced steadily, in line of battle in the rear of the skirmishers, and when the line had reached Homes House, the enemy opened on them with heavy artillery from their main works, but disregarding this the skirmishers pressed on and drove the rebels into their line of works at Sharp's House two miles east of the city.

The cavalry on the right reached simultaneously the same line of works. These works were ascertained to be of a formidable character, similar in their nature and a continuation of those in our immediate front at Laurel Hill. They mount heavy guns but are manned by a force of militia men pressed into the service in the emergency from the shops, stores factories and streets of Richmond.

The expedition having accomplished all that was designed, fell back at nightfall to their old positions. The losses in the movement were about 30 killed and wounded. While the rebels were observed massing for an attack on the left of the 10th and right of the 18th corps, Gen. Birney at once made preparations which caused the rebels to abandon their design, whatever it was. From prisoners we have to-day gained the following information as to the present strength and organization of Lee's army at Petersburg, Andersons division of Hill's Corps, commanded by Gen. Mahaxe, and Bushrod, Johnson's division of Beauregard's corps, say 20,000 in all, North of the James river Gen. Lee commands in person. Heth's and Wilcox's division of Hill's corps, and a full division of Beauregard's Corps, say 40,000 in all, the militia being scattered in the different divisions. It is reported that one of the above divisions, designation unknown, returned to Petersburg last night,

FROM SHERIDAN'S ARMY.

WASHINGTON, October 3.—It is reported and believed that a force of rebel cavalry had taken possession of Grafton. We have no force there. The citizens of Harrisonburg say Early had but four pieces of artillery and but 10,000 men when he passed that place. At Staunton, however, he had two batteries of five pieces each. His troops had lost their regimental organization and were retreating pell mell for some place of safety.

The *Herald's* Washington correspondent says Mosby has sent word to his command that he will be unable to join them owing to his wound, Maj. White takes his place

Latest intelligence from Gen. Sheridan left him making preparations to force the remnant of Early's army from Brown's. Gap in the Blue ridge. This was on the 29th of Sept. Early's position is represented to be a very strong one and he doubtless intends to hold it as a protection to Charlottville as well as Lynchburg, for while holding this point, if Sheridan advances upon Lynchburg, Early threatens his rear and supplies. There can be but little doubt however of Sheridan's success, for Early's army has lost heart and courage, and Brown's Gap will prove to be another Fisher's Hill.

The *World's* Washington special of last evening says an unauthenticated report prevails here that our cavalry have entered Gordonsville. It is known that at last accounts a cavalry force was very near that place.

FROM WASHINGTON.

NEW YORK, October 3.—Special to the *Commercial* from Washington says Secretary Stanton has ordered that where large sums of money are found on bounty jumping deserters, it be retained by the government and returned to them only after the service of their terms of enlistments.

Trains on the railroad from Richmond to Fredericksburg have been running for several weeks to transport old iron, rags etc., from the Wilderness battle ground. Bodies of the slain have been exhumed to strip off the rags covering them.

THE NORTH AMERICAN REVIEW argues that profanity indicates a chronic weakness of intellect and a poor education, for it requires no genius to swear while it does require some learning and talent to converse in genteel language. Let the profane make a note of this.

The North Carolina Times says: "There is no doubt but that the interior of this State is a complete uproar over the conscriptions and desertions. On the 18th ult, a collision took place in Moore county between the deserters and militia, in which the latter were repulsed with a loss of four killed and one wounded."

by a *new method*, and with remedies that are eminently successful in the above class of chronic diseases.

The thinking and unbiased portion of the community will appreciate the great advantage of a permanent and reliable Institute for the cure of chronic diseases that usually baffle the skill of the general practitioner.

Catarrh, that great promoting cause of Consumption in the Northwest, always gives way upon application of the new remedies. Dr. Hale has never encountered a case of this disease he could not cure. The present season is very favorable for applying proper remedies; delays are dangerous. Your case may be cured this month, not next, to-day, not to-morrow.

All who are suffering from any of the diseases Dr. Hale makes a specialty in treating, should at least call and investigate the new system for themselves. No person of good sense and sound judgment will, without full and careful investigation, denounce as "humbug" that which claims to possess merit.

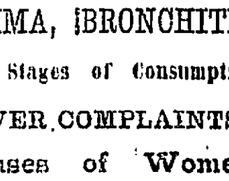

Dr. Hale takes pleasure in referring to the following responsible parties, citizens of Janesville, who can speak knowingly as to the efficacy of Dr. Hale's treatment, not to mention hundreds of others in the Northwest that have been cured:

M. Schuyler, proprietor of the Schuyler House; Dewitt Davis, N. G. Rexilston, D. R. Stout, F. J. Tupper Ellis Doty, job printer, J. D. Hayner, W. H. Mann, E R. Beckley, N. Rowe, John Kerr, J. F. Drake, Wm. Hyzer, Mrs. W. W. Wheeler, Mrs. C. J. Cheney, Miss Belle Shattuck, Miss N. Wiley.

The list could be extended to an indefinite length, but the above will suffice.

Sheep.

The wool-growers of Wisconsin may congratulate themselves upon the decided success of their department of the fair. There were more highly bred sheep exhibited on this occasion, than at any previous fair in the State. They were, also, more uniformly good than we have witnessed on former occasions of the kind. Breeders of fine sheep in our State appear to have acquired that self-reliance and a confidence in the success of their efforts which is necessary. It has been ascertained that our soil and climate are unsurpassed for sheep raising. All acknowledge this who have visited Wisconsin, and who are capable by experience of forming a correct judgment. It was no empty compliment when Governor Wright declared this to be an excellent sheep raising country, and that it was only necessary that we should go onward to succeed.

In looking through the sheep pens of the exhibitors on the fair ground we were struck with this difference as compared with other fairs—the best sheep belonged to Wisconsin breeders, and not to persons from other States, seeking for purchasers. It was also to be noted, as an encouragement to breeders of fine sheep that among Spanish merinos, bred in the State, the improvement from the introduction of Mr. Hemmingway's "Washoe" buck was quite perceptible. This was generally acknowledged, and what one enterprising and intelligent breeder may do, can be effected by others. At the next exhibition we expect to see a still greater improvement, as there were several fine animals present that will produce a change for the better in many flocks. With the foundation that has been laid in this important branch of stock raising, there is no reason why Wisconsin may not take the place of Vermont in furnishing the west with thorough-bred sheep, as we have the advantage of similarity of climate and contiguity of location.

Richard Richards, of Racine, exhibited a flock of 14 Spanish merinos, 13 of which were Wisconsin bred. That this was one of the finest flocks on the ground no one can dispute. Mr. Richards may feel proud of them as we certainly felt a glow of satisfaction that our State can produce animals of such decided excellence.

C M Clark, Whitewater—twenty-six Spanish merinos, eighteen of them Wisconsin bred. This was, also, one of the best flocks exhibited at this fair. It may be doubtful if it did not take the precedence in all the good qualities of this variety of the sheep. Mr. Clark evidently has confidense in his business as he has just imported a buck from Vermont which cost him in that State $1250, which was on exhibition and attracted much attention and was greatly admired.

E M Rice, Whitewater—eight Spanish merino bucks—a very good flock.

A Richmond, Whitewater—Six Spanish merinos—good in every respect and creditable to the exhibition.

T. Goodhue, Lima—eight Spanish merinos. Unluckily for us we did not see this flock until most of them were sold or taken away, but from Mr. Goodhue's reputation as a breeder, we may guess that they were among the best.

O. Salsbury, Lima—seven Spanish merino bucks, Wisconsin bred. Quite good.

Lewis Clark, Beloit—fifteen Spanish merinos, Wisconsin bred. Very fair.

J. V. Daniels, A. L. Drake, A. F. Knox, Horace Williams, and C H. Jones, exhibited pens of Vermont sheep. They were all good, and many of them excellent.

Great credit is due to Vermont sheep breeders as the pioneers in this business, but we must be pardoned for giving preference to sheep bred in our own state, as we consider them more legitimately competing in our own state fair, and better adapted to soil and climate.

The Southdown sheep were well represented from the flocks of Simon Ruble, Beloit; Matthew Towers, Omro; and Clinton Babbitt, Beloit. This breed of sheep are considered by many to be more profitable and better adopted to the production of of both wool and mutton than any other. Such could not fail to be pleased by the appearance of those exhibited.

L. D. Batts, West Milton exhibited a Leicester buck and two lambs. They deservedly attracted much notice, as a large and hardy variety, well adapted to the production of both mutton and a heavy fleece.

W. L. V. Crandell, Milton had on exhibition a French merino buck, a splendid animal producing those immence fleece of fine wool for which this species is famous.

THE NOMINATION of Marshal McMahon, Duke of Magenta, as Governor-General of Algeria, has already been announced. It was Marshal McMahon who said to an aide as he was rushing into the Malakoff; "Tell General Pellisier that if we are blown up, he must immediately crown the crator with other men."

WHY is it that none of the abolition newspapers will praise Mr. Lincoln personally and defend him against the attacks upon him?—*Madison Patriot.*

The honest, straight forward course of President Lincoln is his best eulogium; and as for a man's attempting to defend his friend against the attacks of a skunk, it is preposterous. Certainly the filth of a No. 1 polecat could not begin to equal that ejected from the copperhead press at Presidient Lincoln. Defend him from such stink pots, bah!

CUTTING BOTH WAYS.—Now that the French in Lower Canada have expressed their determination, through the press and at large public meetings, to resist the plan of the confederation, and demand their independence and a nationality of their own, the Montreal *Gazette*, which has been the great ally of the Southern rebels, changes its tone. It says: "Naught but mischief can come of setting race against race and neighbor against neighbor thus." Yet the *Gazette* has done everything in its power to stir up the South against the North, and neighbor against neighbor over here in the North. We think, from appearances, that these rabid Canadian editors will themselves have a taste of civil war ere long, and if so, "the poisoned chalice will be commended to their own lips."

AT the McClellan meeting in Philadelphia, Saturday night, one of the transparencies represented "the grave of the Union." The President and Cabinet were represented riding in a hearse, drawn by jackasses with human faces representing General Grant, General Sherman, and other Union commanders. General Grant was represented as saying, "I pull for the side that pays best." Such is the honor our heroes get from the Peace Democrats.

The Macon *Telegraph*, of the 27th, gives the following as a reliable estimate of Sherman's army: Army of the Cumberland, Gen. Schofield, encamped at Decatur, 25,000; army of Mississippi, Gen. Smith, encamped at Eastpoint, 23,000; army of Tennessee, Gen. Thomas, encamped at Atlanta, 55,000; total, 103,000. If Sherman has that many men the rebels may as well give up and ground their arms, as they can muster no force able to resist such an army.

AN AMUSING INCIDENT.—Just as the services were to commence Sunday morning, says the Chicago *Journal*, at the Desplaines Street Methodist Church, the Rev. E. M. Boring received the following note containing a ten-dollar greenback:

OCTOBER, 2, 1864.

MR. PREACHER—*Sir:* Knowing that a man can preach better with money in his pocket, I send you this pittance. Please accept this, and give us a rouser.

Yours truly, MONEY.

HOOP SKIRTS have recently decreased in size and are more acceptable to the wearers on account of their compactness. A new skirt, recently patented, has been very generally introduced, bearing the title of "Duplex Elliptic." They are much worn, and regarded as a decided improvement, over other styles in regard to their flexibility.

THE NEW NATION.—The injunction restraining the publication of the *New Nation* has been removed, and the republication of that journal is resumed. It will be henceforth edited and published by G. Clauseret alone, and will support the Administration, and oppose and expose the Chicago McClellan platform.

A DECISION ON MANNERS.—The Paris correspondent of the London *Star* says that the Jockey Club, before whose decrees the fashionable world bend, have decided that the English custom of shaking hands is henceforth to be considered the correct thing; and furthermore, in order to protect ladies from the annoyance of having to return the bows of any man who may choose to take off his hat in public, the English fashion is to be adopted of ladies bowing first.

BY ORDER OF TOWN COMMITTEE.

MASS MEETING AT BELOIT.—The Union men of Beloit are making extended preparations for an enormous mass meeting to be held in that city on the 19th inst. Some of the very best speakers in the country are expected to be present, and those who are acquainted with the Union men of that place and know their energy and efficiency, reasonably count upon a big time.

THEIR LIGHT PUT OUT.—The copperheads of Madison celebrated McClellan's nomination on Saturday. They held their meeting in the day time according to programme, but in the evening they wanted a little more light. Accordingly Judge Y. waited on the officers of the railroad company to procure a head light. Railroad man objected to letting it go, and insisted that somebody must be responsible for it. The Judge shouldered the responsibility, and mounted the light upon a wagon.

But alas and alack for the man who took the responsibility; some unruly parties demolished the head light, utterly, and left the Judge nothing to do but foot the bill of $200.

Secretary. President.

TURN OUT this evening and hear Messrs. Hopkins and Gell, at the Court Room this evening.

CITY SEALER.—Our readers will see by reference to our advertising columns that Capt. Macloon is now on hand for our dealers who sell goods by weight or measure. From what we know of "the Captain"—we think he will "be after" all those who neglect to comply with the statute and the penalty is very severe in such cases.

PERSONAL.—We are gratified to learn that Gen. T. H. Ruger, who arrived home here a few days since, in ill health, is rapidly improving, and it is hoped will soon be able to resume his duties in the field. Wisconsin has a right to be proud of this gentleman as one of her most gallant sons. In every position where he has been placed, he has done himself and the State honor, and on many a bloody field of conflict, he has shown the highest and truest courage and ability. May he soon be restored to health.

WOOL GROWERS MEETING.—The wool growers of Wisconsin met at the court room in this city, on Wednesday evening Sept 28th. G. H. Stuart, president of the former organization occupied the chair, and M. Spear, acted as Secretary.

A committee on organization was appointed, consisting of E. M. Danforth, H. Hemmingway and R. L. Groves, and the meeting adjourned.

The committee reported the following officers for the ensuing year, who were elected: Eli Stillson, Oshkosh, President; C. M. Clark and T. W. Hill, Vice Presidents; E. S. Hammond, Fond du Lac, Secretary; J. Flint, Mr Thomas, R. Richards, C. H. Williams, and John P. Roe, Executive committee.

At a subsequent meeting, on Thursday, the following constitution was adopted:

The committee on Constitution report as follows:

Article 1st—This organization shall be titled and known at the "Wisconsin Wool Growers Association."

Article 2nd—Its object shall be the encouragement and protection of the wool growing interest of the State.

Article 3d—Its officers shall consist of a President, two Vice Presidents, a Secretary, and an Executive Committee consisting of five.

STOCKS OF GOODS and personal property have increased in value from two to three hundred per cent., since 1862. Have you increased your insurance in proportion? It costs double to build now, over and above what it did in 1862. You may well ask, am I insured? and if so, am I in the companies that are able to stand up against the breakers that are just ahead? Look out for squalls about these days. Grant, Sherman & Co., are likely to injure the *small fry*. THE NEWS HIGHLY CHEERING!

FROM GRANT'S ARMY.

FT. MONROE, October 3.—The mail boat *Webster* from City Point has arrived here. The rumor that Petersburg has been evacuated is incorrect. Heavy firing has been heard all this morning from the north bank of the James, but nothing important has been received as to the results. Rebel fugitives of all classes are pouring into Bermuda Hundreds in every conceivable manner. Some are coming down the river on rafts in their eagerness to escape from the perils of the Confederacy. Rebel officers now prisoners in our hands, say they think Richmond can't much longer withstand the siege now in progress. All here are full of hope of success. Our soldiers are in high spirits, expecting soon to achieve the greatest results.

NEW YORK, October 3.—The *Tribune's* special says our lines now extend from Chapin's Bluff to the White Oak Swamp, at a distance of from 5 to 6 miles from Richmond. From the Bluff we command the enemy's lower pontoon bridge across the James. The regiments the most warmly engaged were the 11th New York, 9th Maine, 81st New York, 6th Connecticut, 40th and 142d New York and Gen. Paine's colored division. Our entire loss is estimated at 700.

NEW YORK, October 3.—The *Herald's* 10 corps correspondent says, rebel prisoners say Davis and his cabinet have fled from Richmond. The *Whig* was the only Richmond paper printed on the 30th, owing to the general impressment of arms bearers. Lee is said to be acting independently of all instructions. He is in fact military dictator of the rebellion. As his retreat in the direction of Weldon are cut off, it is thought he will concentrate his forces in Richmond and fight the life or death struggle there.

The following is the *Tribune's* special account of the operations below Petersburg: On the 20th Gen. Gregg, supported by two brigades of infantry pushed a reconnoisance from our left toward the Lynchburg railroad as far as Sap Spring Church, beyond the Vaughan Turnpike. Gen. Griffin's division of the 5th corps advancing beyond the Church in a Northwest direction came on the enemy in a strong position about two miles from the Weldon railroad. Their preparations for defence, though not completed, were very formidable but Gen. Griffin decided to carry the works by storm and formed his division in three lines of battle by brigades, with the 3d brigade in advance under Col. Swinn, of the 11th Pennsylvania.

NEW YORK, Oct. 3.—The *Herald* has the following special account of the fighting north of the James on Friday. Three desperate efforts were made by the enemy to retake the works captured from them by us Thursday. Gen. Lee in person commanded, but the rebels were each time drove back with considerable loss. The enemy were discovered about 2 o'clock massing in a wood nearly opposite the fort captured yesterday, and in half an hour they charged with wild yells in three heavy columns. The rams at the same time opened upon our position and one line was exposed to the fire from the rebel battery on the river. The men however, stood steady to their posts and received the rebels with so hot, well directed and incessant fire that they broke in confusion and retired to the woods. Twice again they were rallied by their officers and returned to the charge but only with the same result, until finally broken and dispirited they fell back in considerable confusion leaving the ground covered with their dead and wounded.

The prisoners report a thousand at least killed and wounded. Over 300 prisoners were taken by us including many officers and the greater part of the 8th N. C. regiment. Among the captured are several field officers and Capt. Maguire Inspector General of Clingman's staff. The regimental flags were taken all by Staunards division. Two of them were captured by the 13th Conn. and 8th Pa.

The fight has been pronounced one of the most desperate and brilliant of the war, and by his skill and management of his troops Gen. Weitzel has added one more leaf to the laurels won in La.

The assault was perfectly and brilliantly successful. The whole line was taken with two or three guns and about fifty prisoners, and the other guns were dragged away. The rebels left their dead and wounded on the field. The prisoners belonged to Beauregard's command, and among them was 1 Major, 1 Captain, and 5 Lieutenants. Our loss was not over 150. One of our bravest officers, Col. Meech of the 10th Michigan was killed and the following officers were wounded: Major Partridge, 10th Michigan; Lt. Wirt, 10th Michigan; Lt. Baird, of the 16th Michigan.

NEW YORK, Oct. 4.—The *Herald's* City Point correspondent of the 2d says, as the mail boat is about to leave, I send a few particulars of an attack in force by the enemy upon our left yesterday p. m. Under cover of the rain storm they massed two divisions of cavalry and several regiments of infantry, and attacked Wilson's cavalry on the left of Warren's new position, where a desperate fight ensued. We lost over 100 men in killed and wounded, but maintained the ground. Towards night the enemy gave up the attack and retired. This was the only important operation of the day.

The *Herald's* correspondent with the cavalry Oct. 1, says it has been fully ascertained that the rebel Generals Hampton, W. Lee and Young were opposed to us during the engagement of yesterday and day before. They have been so severely punished by our cavalry, that they will only fight under the most advantageous circumstances.

The *Herald's* correspondent with the 10th corps Oct. 1st, says the grand feature of the day has been a reconnoisance in force up to the inner line of the rebel works. Birney has again pushed his forcer up to the very outskirts of the city and has only refrained from entering and taking possession because his orders would not permit him to do so.

This morning the division of Gen. Forney, with Kautz cavalry started out on the mission of feeling of the enemy and ascertaining his strength in the immediate vicinity of Richmond. For this delicate move the dispositions were made as follows: Two brigades of infantry moved out by their right flank, to the Central road, and covered by the cavalry, advanced up the road toward the city. Col. Spear's brigade of Kaut's cavalry, with one section of horse artillery, was thrown out in the circles of the city road, with skirmishers deployed on the left to the Central Road, to cover the movement in that direction.—The rest of the cavalry deployed as skirmishers in front of the infantry and extended their line on the left of our main line. Six pieces of horse artillery accompanied the movement on the Central Road. When the line had advanced to the Rowell House, a point on the Central Road about three miles from Richmond, they met a line of rebel skirmishers. At this point the cavalry skirmishers were withdrawn, and the 7th and 10th regiments, Conn., infantry deployed in their stead. These regiments advanced handsomely, driving the rebels before them with ease. The rest of the column advanced steadily, in line of battle in the rear of the skirmishers, and when the line had reached Homes House, the enemy opened on them with heavy artillery from their main works, but disregarding this the skirmishers pressed on and drove the rebels into their line of works at Sharp's House two miles east of the city.

The cavalry on the right reached simultaneously the same line of works. These works were ascertained to be of a formidable character, similar in their nature and a continuation of those in our immediate front at Laurel Hill. They mount heavy guns but are manned by a force of militia men pressed into the service in the emergency from the shops, stores factories and streets of Richmond.

The expedition having accomplished all that was designed, fell back at nightfall to their old positions. The losses in the movement were about 30 killed and wounded. While the rebels were observed massing for an attack on the left of the 10th and right of the 18th corps, Gen. Birney at once made preparations which caused the rebels to abandon their design, whatever it was. From prisoners we have to-day gained the following information as to the present strength and organization of Lee's army at Petersburg, Andersons division of Hill's Corps, commanded by Gen, Mahaxe, and Bushrod, Johnson's division of Beauregard's corps, say 20,000 in all, North of the James river Gen. Lee commands in person. Heth's and Wilcox's division of Hill's corps, and a full division of Beauregard's Corps, say 40,000 in all, the militia being scattered in the different divisions. It is reported that one of the above divisions, designation unknown, returned to Petersburg last night,

FROM SHERIDAN'S ARMY.

WASHINGTON, October 3.—It is reported and believed that a force of rebel cavalry had taken possession of Grafton. We have no force there. The citizens of Harrisonburg say Early had but four pieces of artillery and but 10,000 men when he passed that place. At Staunton, however, he had two batteries of five pieces each. His troops had lost their regimental organization and were retreating pell mell for some place of safety.

The *Herald's* Washington correspondent says Mosby has sent word to his command that he will be unable to join them owing to his wound. Maj. White takes his place.

Latest intelligence from Gen. Sheridan left him making preparations to force the remnant of Early's army from Brown's Gap in the Blueridge. This was on the 29th of Sept. Early's position is represented to be a very strong one and he doubtless intends to hold it as a protection to Charlottville as well as Lynchburg, for while holding this point, if Sheridan advances upon Lynchburg, Early threatens his rear and supplies. There can be but little doubt however of Sheridan's success, for Early's army has lost heart and courage, and Brown's Gap will prove to be another Fisher's Hill.

The *World's* Washington special of last evening says an unauthenticated report prevails here that our cavalry have entered Gordonsville. It is known that at last accounts a cavalry force was very near that place.

FROM WASHINGTON.

NEW YORK, October 3.—Special to the *Commercial* from Washington says Secretary Stanton has ordered that where large sums of money are found on bounty jumping deserters, it be retained by the government and returned to them only after the service of their terms of enlistments.

Trains on the railroad from Richmond to Fredericksburg have been running for several weeks to transport old iron, rags etc., from the Wilderness battle ground. Bodies of the slain have been exhumed to strip off the rags covering them.

THE NORTH AMERICAN REVIEW argues that profanity indicates a chronic weakness of intellect and a poor education, for it requires no genius to swear while it does require some learning and talent to converse in genteel language. Let the profane make a note of this.

The North Carolina Times says: "There is no doubt but that the interior of this State is a complete uproar over the conscriptions and desertions. On the 18th ult, a collision took place in Moore county between the deserters and militia, in which the latter were repulsed with a loss of four killed and one wounded."

CATARRH, THROAT DISEASES!

And all other Complaints that Lead to Consumption,

by a *new method*, and with remedies that are eminently successful in the above class of chronic diseases.

The thinking and unbiased portion of the community will appreciate the great advantage of a permanent and reliable Institute for the cure of chronic diseases that usually baffle the skill of the general practitioner.

Catarrh, that great promoting cause of Consumption in the Northwest, always gives way upon application of the new remedies. Dr. Hale has never encountered a case of this disease he could not cure. The present season is very favorable for applying proper remedies; delays are dangerous. Your case may be cured this month, not next, to-day, not to-morrow.

All who are suffering from any of the diseases Dr. Hale makes a specialty in treating, should at least call and investigate the new system for themselves. No person of good sense and sound judgment will, without full and careful investigation, denounce as "humbug" that which claims to possess merit.

Dr. Hale takes pleasure in referring to the following responsible parties, citizens of Janesville, who can speak knowingly as to the efficacy of Dr. Hale's treatment, not to mention hundreds of others in the Northwest that have been cured:

M. Schuyler, proprietor of the Schuyler House; De Witt Davis, N. G. Kenistou, D. R. Stout, F. J. Tupper Ellis Doty, Job printer, J. D. Hayner, W. H. Mann, E R. Beckley, N. Rowe, John Kerr, J. F. Drake, Wm. Hyzer, Mrs. W. W. Wheeler, Mrs. C. J. Cheney, Miss Belle Shattuck, Miss N. Wiley.

The list could be extended to an indefinite length, but the above will suffice.

A Free Election or a Free Fight.

Since the nomination of General McClellan for the presidency, the rampant orators of copperheadism have been continually spouting about a "free election or a free fight," and a large number of good, honest people who have never known an election that was not *free*, unless a mob of democrats rendered it otherwise—have wondered what this ominous threat could mean. People have a very distinct recollection of the outrages upon the ballot-box in Kansas perpetrated by border ruffians, and of Governor Barstow's unsuccessful effort to stifle the voice of the people of this State in a "free election," with his Bridge Creek supplemental returns. So far in our history, when elections have been interfered with at all, it has always been done by the friends of the party calling itself Democratic.

The designs of these men who make so free a use of this threat, are now being developed. In Maryland, Virginia, Kentucky, Missouri, Kansas and other states, there is a class of men who have managed to have a "free fight" on the rebel side, since the war broke out and now seeing an opportunity to aid the rebel cause quite as effectually by voting as by fighting, they propose to do something at the former business this fall. Having fought under Price, Forrest, Quantrelle, John Morgan and others whenever opportunity offered, they return to their homes and make excellent conservative Union men only they are a little down on *radicalism*. It is for this class of voters that the copperhead press is so anxious to have a "free election." Read the following article and then say whether the people everywhere should not rise up *en masse* and be prepared to give such cold-blooded murderers a *free fight*:

A GUERRILLA MASSACRE AT CENTRALIA, MO.

The following particulars of the fiendish massacre at Centralia is furnished us by a person who obtained them from eye witnesses of the terrible scenes, and was designed for yesterday. The narration, however, was not placed in our hands until our paper went to press. We have no heart to comment upon it and leave it to the reflections of the reader:

QUINCY, September 28, 1864.

The passenger train bound North on the North Missouri Railroad yesterday was attacked by guerrillas at Centralia, in Boone county, Mo. Twenty-two furloughed and discharged veterans from Atlanta, Ga., (one of them without a leg and on crutches) were inhumanly and barbarously butchered; also two passengers, and one citizen; making twenty-five in all. The soldiers were stripped and some of them scalped. Every person on the train was robbed, baggage rifled, and the train burned, as was also the station house. The guerrillas were hid in the depot building, and could not be seen by the train men until they run up to the station, when the track was immediately obstructed on either side of the train, and the horrid work commenced.

The first man killed was a passenger; he was standing on the hind platform of the rear conch, and was ordered to open the coach door. This he could not do in consequence of its being locked, when one of the incarnate fiends shot him dead. They then went through the coaches, taking from every person pistols, watches, pocket-books, and other valuables, making many persons pull off their boots, to see if they had anything secreted in them. They forced the baggage man to pass out the baggage to them as they plundered it, and then compelled him to set fire to his own car. The soldiers were marched into line to be shot. One of them had been severely cut with a knife during the robbing process inside the coaches, and when being led forth to the slaughter, he placed his hand upon his bleeding breast, from which the life current was fast ebbing, and looking upon his murderers, his face radiant with patriotic smiles, said: "I have suffered a great deal for the glorious old Stars and Stripes; but I can still suffer more for our starry banner. So do your worst; I'm prepared." He was immediately shot dead. When the soldiers were in line they were tantalized by being offered cigars, which, if they either took or refused, resulted in their being perforated with bullets. One of the guerrillas detailed to do the butchering, shot at a Captain and missed him, when the Captain sprang forward, knocked the assassin down, wrenched his pistols from him, and in another instant would have ended his career of crime, but was shot from behind through the head and instantly killed.

While this butchery of the soldiers was going on, one of the passengers moved with compassion, went up and commenced interceding with the guerrillas on behalf of them, when one of the demons instantly shot him through the head, saying, "Take that you d—d Yankee son of a b—h." No braver men than these soldiers were ever sacrificed on Freedom's salter. One citizen, a Lincoln man was dilligently sought for, found and murdered. Mr. Stewart, baggage man on the train, after all was over, counted the dead bodies, and found some with as many as thirty bullet wounds. Four of the soldiers were scalped in regular Indian style.

These guerrillas breathed out terrible threats against every man who supports Lincoln and Johnson, and said they would see to it that the State goes for McClellan and Pendleton. They left the town cheering loud and long for McClellan and Pendleton.

I regret that I cannot give the names of the murdered soldiers, nor of the miscreant who led the guerrillas. P.—*Quincy Whig, 30th.*

[A later report, given us by A. H. Luey, one of the route agents on the Hannibal Road, who obtained his information from parties who had visited Centralia since the massacre, states that the number of dead bodies found is 155, which includes those murdered on the train and killed in Johnson's command. So far as known, not an officer of Johnson's force escaped, and every officer, commissioned and noncommissioned, was scalped after being shot. Some of the privates were not only scalped but the most inhuman and indecent barbarities committed upon their dead bodies. After the dispersion of Johnson's forces, the few who attempted to escape were pursued and shot down. Dead bodies were found as far as ten miles from the place of attack. Captain William Glover, one of the officers under Johnson, formerly lived in this State, and held the rank of 2d Lieutenant in Colonel Glover's, subsequently Colonel Black's regiment. His entire company, consisting of 54 men, is reported killed.

Mr. Luey states his informants corroborate the statement that Anderson talked loudly in favor of McClellan, and declared his intention to "clean out" all the Lincoln men in Missouri.—*Editors Whig and Republican.*]

COMING DOWN.—The New York *Herald* has an article on the general "coming down" of gold and every thing else, from which we take the following choice extract:

"Everything is coming down, and coming down with a crash."

"The reason of all this is that the rebellion is coming down. Early has come down already. Grant will move presently, and then Lee will come down. Then Sherman will come down on Hood like a thunderbolt, and nothing will be left of the so-called Confederacy but a few starved negroes, a good deal of waste paper, and the mortal remains of *Jeff. Davis. Then Maximilian* will come down from the throne now tottering upon French bayonets. Louis Nepoleon, who begins to feel very weak according to the foreign correspondents, will come down also. Lord Palmerston will come down, with Earl Russell at his heels. We shall have the Jack and Gill business all around. A great many people at home and abroad, on thrones and off thrones, at the North and at the South, copperheads and abolitionists, bond and free white and black, will certainly come down, when the rebel rag is hauled to the ground, and the flag of our Union goes up and floats proudly from every flagstaff on this great continent."

In a colliery at St. Helena (Eng.), a miner struck off a fine piece of cannel, nine inches square. What followed is thus told:—"He states that he turned round to make a remark about the piece of coal to a comrade who was working near him, and at the same time struck the lump with his pick, which, to his surprise, entered freely into the coal as if it was hollow. Thinking this very strange, he states that he took the cannel with him when he ascended out of the pit, and on examining it he found firmly imbedded in a hole just large enough to turn round, a live toad, which seemed quite lively and healthy. The hole, which is about four inches deep is exceedingly narrow at the mouth, so much so as that it would be impossible to get the toad out. Crowds of people have flocked around Elliott's house to see the strange sight, and a gentleman at St. Helens has offered ten guineas for the toad.

SLEEP.—It is a delicious moment certainly—that of being well nestled in bed, and feeling that you shall drop gently to sleep. The good is to come—not past; the limbs have been just tired enough to render the resting in one posture delightful; the labor of the day is done. A gentle failure of perceptions comes creeping over, the spirit of consciousness disengages itself more and more with slow and hushing degrees, like a mother detaching her hand from her sleeping child: the mind seems to have a balmy lid closing over it, like the eye; 'tis closing—'tis closing—'tis closed. The mysterious spirit has gone to take its airy rounds.—*Leigh Hunt.*

KLEPTOMANIA is the love of stealing, or rather—stealing for the sake of stealing—politely called, crops out under the most extraordinary circumstances. A couple of clerks in the Treasury Department at Richmond are stated to have stolen seven hundred thousand dollars worth of Confederate money, and having converted it into diamonds and jewelry, made for the North. As for jewelry and diamonds that could be purchased with a million of that kind of money Mrs. Tom Thumb's baby could hide them under its thumb nail; and as for the thieves escaping north they should not be allowed to remain at large, as men who would pilfer such trash would rob a sick dog of a piece of spoilt meat or steal his grandmother's gruel.

THE WHITE MOUNTAINS.—The White mountains in New Hampshire, have been capped with snow several times during the past fortnight, and have presented a magnificent appearance from the valley. The melting snow has filled the mountain streams, so that the waterfalls in the vicinity are really crystal cascades. The glories of early autumn at the mountains attract many visitors, who are amply repaid for the tour by the magnificent distant views obtained these clear days.—*Springfield Republican.*

THE Louisville *Journal* says the tobacco crop in that vicinity threatens to be almost a total failure. The scarcity of labor and the protracted drouth in the early part of the summer, interfered materially with planting, and now the fields that were planted are being eaten up by worms. Labor continues scarce, and farmers cannot procure hands to work their plants. The crop will not be half of the general average.

The tobacco crop of the Connecticut valley above Springfield is nearly all in, and the growers who have any not gathered have to be vigilant on account of the liability of frosts. A story is told of one man who saved his tobacco from a frost, week before last, by drawing saw-dust and shavings and keeping a fire around it during the night. A piece adjoining his, which was not so treated, was nearly ruined.

A MAN in St. Louis, who has constantly invested in lotteries, and invariably lost for the last five years, was one of the first men drafted the other day. He says his luck has come at last.

ONLY SIXTY-FIVE in a thousand marry, says Dr. Hubbard, and out of this number 3 are divorced, 8 run away, 14 live in open warfare, about 30 are indifferent and only 10 are regarded as happy.

WHY McCLELLAN WAS SUPERSEDED.

Because he was insubordinate to his superior officer, the constitutional Commander-in-chief, President Lincoln, in neglecting or refusing to obey his peremptory order to commence active operations with the Army of the Potomac on the 22d of February, 1862, and also in writing an impertinent and disrespectful letter to the President while commanding that army, making base charges against him of wilful mismanagement.

Because he was insubordinate to his superior officer, the constitutional head of the War Department, Secretary Stanton, in refusing or neglecting to obey his orders, or to make reports to him, and showing his contempt for the Department by reporting directly to the President, thus leaving the War Department in entire ignorance of all his operations.

Because he lost seven months of the most valuable time in the history of the war in mere preparations, which even at the end of the time asked for he alleged to be incomplete, and because even then he was unable or unwilling to move until forced to do so by peremptory order, although other generals in the west and south moved promptly and gained victories.

Because he never at any time made any military movements until compelled to do so by superior authority, and when he did so his movements were slow, dilatory, ill-timed and evidently reluctant, as though his heart were not in the cause.

Because he systematically exaggerated the rebel strength, stating them at 200,000, when the rebel official accounts prove them to have had no more than 50,000; and all this alleged to rest upon information derived from spies. Because in like manner he magnified their defences, making the quaker guns and skeleton force at Munson's Hill a formidable battery, backed by an enormous strength. And so at Yorktown, wasting a month in besieging with 130,000 men a place defended by only 8000.

Because he suffered his whole position before Richmond to be taken in reverse by a single corps of the enemy, and ordered a retreat without any cause whatever, when he could have repulsed the enemy and held his works.

Because by this disastrous retreat he lost the labors of a whole campaign, sacrificed one-third of his army, and infused new life into the rebellion, apparently with a view to throw odium on the administration for refusing to send him McDowell's corps, when his army was so large as to be unwieldy in his hands, and its movements too tardy to be effective.

Because he availed himself of this refusal, and of every other difference he had with the War Department or the President, to disseminate a sentiment that he had been unjustly dealt with, and that the Administration was jealous of him.

Because whenever a battle occurred in which his forces were engaged he was uniformly away from the field, and never, until Antietam, saw the action, or directed in any way whatever beyond the merest original directions for placing corps, so that in case of disaster he was not on hand to remedy it, and his corps commanders had to manage for themselves.

Because he omitted two great opportunities of taking Richmond, when he could have done so with ease, that is, after the battle of Fair Oaks, and after the victory at Malvern Hill, thus indicating an incompetency to improve an advantage, which was more signally exhibited after the victory of Antietam.

Because after he had routed the rebel army at Malvern Hill he ordered a disastrous retreat, leaving his wounded in the enemy's hands and demoralizing our army when it had restored its prestige.

Because after Antietam he represented that his army could not move for want of shoes, &c., when Burnside took the same army and moved it with the greatest celerity, showing that McClellan sought to throw upon his army the burden of his own indisposition to fight.

Because he was intent, not upon the crushing of the rebellion, but upon a political campaign for the Presidency, which distracted his attention, weakened his military policy, gave aid and comfort to the enemy, strengthened the copperheads, and antagonized the national Administration, so that instead of being the general-in-chief in the war against the rebels, he was merely a copperhead candidate for the Presidency.

Because he surrounded himself with copperhead traitors, opposed to the war and in sympathy with the enemy, who conducted his affairs to suit themselves, influencing his letters and policy, and so rendering it impossible for the Administration to carry out its own views, although responsible for the management of affairs.

Because he had tampered with the sentiment of the army of the Potomac, making it a mere personal machine, devoted to himself, and willing to serve under no generals except of his choosing, instead of serving under the national flag without regard to men; his object in such a course being evidently to prevent the government from removing him for incompetency or punishing any of his insolent satellites like Porter.

Because, instead of doing anything to crush the rebellion, his letters and orders showed that his whole mind was turned upon giving lessons in political matters upon general policy and civil affairs to President Lincoln, Generals Buell and Halleck, and in fact all within his reach. Thus, instead of telling Halleck when to attack the foe and where, he was anxious only that the war should be conducted on a pro slavery basis, and in like manner his orders to Buell were wasted in political stuff, while Grant was gaining the victory of Fort Donelson in the same department, though under Halleck's orders.

BRIGADIER General George W. Gordon of the rebel army, who was killed on the 20th in the Shenandoah Valley, was a graduate of Yale College in the class of 1849, and was a prominent and successful lawyer in Savannah, Georgia, before the rebellion. His wife was from Fairchild, Connecticut.

IT IS reported that a chaplain in Sheridan's army on the Sunday prior to the victory, gave out the following hymn:

Early my God, without delay,
I haste to seek thy face.

And preached a sermon from the text: "They that seek me early, shall find me."

MEXICAN MUSTANG LINIMENT.

The parties in St. Louis and Cincinnati, who have been Counterfeiting the Mustang Liniment under pretense of proprietor-ship, have been thoroughly estoped by the Courts. To guard against further imposition, I have procured from the United States Treasury, a private steel plate revenue stamp, which is placed over the top of each bottle. Each stamp bears the *fac simile* of my Signature, and without which the article is a Counterfeit, dangerous and worthless imitation. Examine every Bottle. This Liniment has been in use and growing in favor for many years. There hardly exists a hamlet on the habitable Globe that does not contain evidence of its wonderful effects. It is the best emollient in the world. With its present improved ingredients, its effects upon man and beast are perfectly remarkable. Sores are healed, pains relieved, lives saved, valuable animals made useful, and untold ills assuaged. For cuts, bruises, sprains, rheumatism, swellings, bites, cuts, caked breasts, strained horses, &c., it is a Sovereign Remedy that should never be dispensed with. It should be in every family. DIARRHŒA AND DYSENTERY.

We have examined a great number of letters from some of the most prominent citizens of Cincinnati and Covington, etc., speaking in the highest terms of Dr. Strickland's Anti-Cholera Mixture for the cure of diarrhœa and dysentery. The letters are too long to publish. Mr. Woods, of Covington, says he was pronounced incurable by the best doctors in Cincinnati, and one bottle of Dr. Strickland's Anti-Cholera Mixture effected a permanent cure after suffering for months with the worst form of diarrhœa and dysentery.

Another says he was discharged from the United States service after suffering in the hospital for eight months as incurable, and as a last resource tried Strickland's Anti-Cholera Mixture. He got well directly and has now entered the army again in good health. One man writes he has cured seven or eight very bad cases of diarrhœa and dysentery in the barracks he was in with one bottle of this valuable medicine. In fact we could fill half our paper with similar items from these letters. Why does not our government secure this valuable preparation? Our army ought to be supplied with it. It is but a short time since one of our men lay in a very low condition at one of our Cincinnati Hospitals, his wife was sent for. The doctors considered his case an hopeless case. She, however, gave him Strickland's Anti-Cholera Mixture, and in three weeks he was able to return home with his wife to New Richmond, O. All these cases right at home speak for themselves. We hope all the soldiers will put a bottle of it in their knapsacks. It may save them or some of their comrades. It is for sale by Druggists at 65 cents per bottle.

COTTSCHALK ON KNABE.

(Translated from the French.)

After having played on the Piano of Messrs. Knabe & Co., it is impossible not to bear testimony to their qualities, which have acquired for them the eminent reputation which they enjoy. The Pianos of their manufacture, on which I have played, are exceedingly remarkable for their qualities. The tone is powerful without hardness, and the upper notes sweet, clear and harmoniously mellow, of a crystaline, and I do not hesitate to express in regard to these instruments my entire satisfaction, and to declare that they are equal if not superior to the best manufactured in Europe or this country by the most celebrated makers.

A Free Election or a Free Fight.

Since the nomination of General McClellan for the presidency, the rampant orators of copperheadism have been continually spouting about a "free election or a free fight," and a large number of good, honest people who have never known an election that was not *free*, unless a mob of democrats rendered it otherwise—have wondered what this ominous threat could mean. People have a very distinct recollection of the outrages upon the ballot-box in Kansas perpetrated by border ruffians, and of Governor Barstow's unsuccessful effort to stifle the voice of the people of this State in a "free election," with his Bridge Creek supplemental returns. So far in our history, when elections have been interfered with at all, it has always been done by the friends of the party calling itself Democratic.

The designs of these men who make so free a use of this threat, are now being developed. In Maryland, Virginia, Kentucky, Missouri, Kansas and other states, there is a class of men who have managed to have a "free fight" on the rebel side, since the war broke out and now seeing an opportunity to aid the rebel cause quite as effectually by voting as by fighting, they propose to do something at the former business this fall. Having fought under Price, Forrest, Quantrelle, John Morgan and others whenever opportunity offered, they return to their homes and make excellent conservative Union men only they are a little down on *radicalism*. It is for this class of voters that the copperhead press is so anxious to have a "free election." Read the following article and then say whether the people everywhere should not rise up *en masse* and be prepared to give such cold-blooded murderers a *free fight*:

A GUERRILLA MASSACRE AT CENTRALIA, MO.

The following particulars of the fiendish massacre at Centralia is furnished us by a person who obtained them from eye witnesses of the terrible scenes, and was designed for yesterday. The narration, however, was not placed in our hands until our paper went to press. We have no heart to comment upon it and leave it to the reflections of the reader:

QUINCY, September 28, 1864.

The passenger train bound North on the North Missouri Railroad yesterday was attacked by guerrillas at Centralia, in Boone county, Mo. Twenty-two furloughed and discharged veterans from Atlanta, Ga., (one of them without a leg and on crutches) were inhumanly and barbarously butchered; also two passengers, and one citizen; making twenty-five in all. The soldiers were stripped and some of them scalped. Every person on the train was robbed, baggage rifled, and the train burned, as was also the station house. The guerrillas were hid in the depot building, and could not be seen by the train men until they run up to the station, when the track was immediately obstructed on either side of the train, and the horrid work commenced.

The first man killed was a passenger; he was standing on the hind platform of the rear coach, and was ordered to open the coach door. This he could not do in consequence of its being locked, when one of the incarnate fiends shot him dead. They then went through the coaches, taking from every person pistols, watches, pocket-books, and other valuables, making many persons pull off their boots, to see if they had anything secreted in them. They forced the baggage man to pass out the baggage to them as they plundered it, and then compelled him to set fire to his own car. The soldiers were marched into line to be shot. One of them had been severely cut with a knife during the robbing process inside the coaches, and when being led forth to the slaughter, he placed his hand upon his bleeding breast, from which the life current was fast ebbing, and looking upon his murderers, his face radiant with patriotic smiles, said: "I have suffered a great deal for the glorious old Stars and Stripes; but I can still suffer more for our starry banner. So do your worst; I'm prepared." He was immediately shot dead. When the soldiers were in line they were tantalized by being offered cigars, which, if they either took or refused, resulted in their being perforated with bullets. One of the guerrillas detailed to do the butchering, shot at a Captain and missed him, when the Captain sprang forward, knocked the assassin down, wrenched his pistols from him, and in another instant would have ended his career of crime, but was shot from behind through the head and instantly killed.

While this butchery of the soldiers was going on, one of the passengers moved with compassion, went up and commenced interceding with the guerrillas on behalf of them, when one of the demons instantly shot him through the head, saying, "Take that you d—d Yankee son of a b—h." No braver men than these soldiers were ever sacrificed on Freedom's salter. One citizen, a Lincoln man was dilligently sought for, found and murdered. Mr. Stewart, baggage man on the train, after all was over, counted the dead bodies, and found some with as many as thirty bullet wounds. Four of the soldiers were scalped in regular Indian style.

These guerrillas breathed out terrible threats against every man who supports Lincoln and Johnson, and said they would see to it that the State goes for McClellan and Pendleton. They left the town cheering loud and long for McClellan and Pendleton.

I regret that I cannot give the names of the murdered soldiers, nor of the miscreant who led the guerrillas. P.—*Quincy Whig, 30th.*

[A later report, given us by A. H. Lacy, one of the route agents on the Hannibal Road, who obtained his information from parties who had visited Centralia since the massacre, states that the number of dead bodies found is 155, which includes those murdered on the train and killed in Johnson's command. So far as known, not an officer of Johnson's force escaped, and every officer, commissioned and noncommissioned, was scalped after being shot. Some of the privates were not only scalped but the most inhuman and indecent barbarities committed upon their dead bodies. After the dispersion of Johnson's forces, the few who attempted to escape were pursued and shot down. Dead bodies were found as far as ten miles from the place of attack. Captain William Glover, one of the officers under Johnson, formerly lived in this State, and held the rank of 2d Lieutenant in Colonel Glover's, subsequently Colonel Black's regiment. His entire company, consisting of 54 men, is reported killed.

Mr. Lacy states his informants corroborate the statement that Anderson talked loudly in favor of McClellan, and declared his intention to "clean out" all the Lincoln men in Missouri.—*Editors Whig and Republican.*]

COMING DOWN.—The New York *Herald* has an article on the general "coming down" of gold and every thing else, from which we take the following choice extract:

"Everything is coming down, and coming down with a crash."

"The reason of all this is that the rebellion is coming down. Early has come down already. Grant will move presently, and then Lee will come down. Then Sherman will come down on Hood like a thunderbolt, and nothing will be left of the so-called Confederacy but a few starved negroes, a good deal of waste paper, and the mortal remains of Jeff. Davis. Then Maximilian will come down from the throne now tottering upon French bayonets, Louis Napoleon, who begins to feel very weak according to the foreign correspondents, will come down also. Lord Palmerston will come down, with Earl Russell at his heels. We shall have the Jack and Gill business all around. A great many people at home and abroad, on thrones and off thrones, at the North and at the South, copperheads and abolitionists, bond and free white and black, will certainly come down, when the rebel rag is hauled to the ground, and the flag of our Union goes up and floats proudly from every flagstaff on this great continent."

In a colliery at St. Helena (Eng.), a miner struck off a fine piece of cannel, nine inches square. What followed is thus told:—"He states that he turned round to make a remark about the piece of coal to a comrade who was working near him, and at the same time struck the lump with his pick, which, to his surprise, entered freely into the coal as if it was hollow. Thinking this very strange, he states that he took the cannel with him when he ascended out of the pit, and on examining it he found firmly imbedded in a hole just large enough to turn round, a live toad, which seemed quite lively and healthy. The hole, which is about four inches deep is exceedingly narrow at the mouth, so much so as that it would be impossible to get the toad out. Crowds of people have flocked around Elliott's house to see the strange sight, and a gentleman at St. Helens has offered ten guineas for the toad.

SLEEP.—It is a delicious moment certainly—that of being well nestled in bed, and feeling that you shall drop gently to sleep. The good is to come—not past: the limbs have been just tired enough to render the resting in one posture delightful; the labor of the day is done. A gentle failure of perceptions comes creeping over, the spirit of consciousness disengages itself more and more with slow and hushing degrees, like a mother detaching her hand from her sleeping child: the mind seems to have a balmy lid closing over it, like the eye; 'tis closing—'tis closing—'tis closed. The mysterious spirit has gone to take its airy rounds.—*Leigh Hunt.*

KLEPTOMANIA is the love of stealing, or rather—stealing for the sake of stealing—politely called, crops out under the most extraordinary circumstances. A couple of clerks in the Treasury Department at Richmond are stated to have stolen seven hundred thousand dollars worth of Confederate money, and having converted it into diamonds and jewelry, made for the North. As for jewelry and diamonds that could be purchased with a million of that kind of money Mrs. Tom Thumb's baby could hide them under its thumb nail; and as for the thieves escaping north they should not be allowed to remain at large, as men who would pilfer such trash would rob a sick dog of a piece of spoilt meat or steal his grandmother's gruel.

THE WHITE MOUNTAINS.—The White mountains in New Hampshire, have been capped with snow several times during the past fortnight, and have presented a magnificent appearance from the valley. The melting snow has filled the mountain streams, so that the waterfalls in the vicinity are really crystal cascades. The glories of early autumn at the mountains attract many visitors, who are amply repaid for the tour by the magnificent distant views obtained these clear days.—*Springfield Republican.*

THE Louisville *Journal* says the tobacco crop in that vicinity threatens to be almost a total failure. The scarcity of labor and the protracted drouth in the early part of the summer, interfered materially with planting, and now the fields that were planted are being eaten up by worms. Labor continues scarce, and farmers cannot procure hands to work their plants. The crop will not be half of the general average.

The tobacco crop of the Connecticut valley above Springfield is nearly all in, and the growers who have any not gathered have to be vigilant on account of the liability of frosts. A story is told of one man who saved his tobacco from a frost, week before last, by drawing saw-dust and shavings and keeping a fire around it during the night. A piece adjoining his, which was not so treated, was nearly ruined.

A MAN in St. Louis, who has constantly invested in lotteries, and invariably lost for the last five years, was one of the first men drafted the other day. He says his luck has come at last.

ONLY SIXTY-FIVE in a thousand marry, says Dr. Hubbard, and out of this number 3 are divorced, 8 run away, 14 live in open warfare, about 30 are indifferent and only 10 are regarded as happy.

WHY McCLELLAN WAS SUPERSEDED.

Because he was insubordinate to his superior officer, the constitutional Commander-in-chief, President Lincoln, in neglecting or refusing to obey his peremptory order to commence active operations with the Army of the Potomac on the 22d of February, 1862, and also in writing an impertinent and disrespectful letter to the President while commanding that army, making base charges against him of wilful mismanagement.

Because he was insubordinate to his superior officer, the constitutional head of the War Department, Secretary Stanton, in refusing or neglecting to obey his orders, or to make reports to him, and showing his contempt for the Department by reporting directly to the President, thus leaving the War Department in entire ignorance of all his operations.

Because he lost seven months of the most valuable time in the history of the war in mere preparations, which even at the end of the time asked for he alleged to be incomplete, and because even then he was unable or unwilling to move until forced to do so by peremptory order, although other generals in the west and south moved promptly and gained victories.

Because he never at any time made any military movements until compelled to do so by superior authority, and when he did so his movements were slow, dilatory, ill-timed and evidently reluctant, as though his heart were not in the cause.

Because he systematically exaggerated the rebel strength, stating them at 200,000, when the rebel official accounts prove them to have had no more than 50,000; and all this alleged to rest upon information derived from spies. Because in like manner he magnified their defences, making the quaker guns and skeleton force at Munson's Hill a formidable battery, backed by an enormous strength. And so at Yorktown, wasting a month in besieging with 120,000 men a place defended by only 8000.

Because he suffered his whole position before Richmond to be taken in reverse by a single corps of the enemy, and ordered a retreat without any cause whatever, when he could have repulsed the enemy and held his works.

Because by this disastrous retreat he lost the labors of a whole campaign, sacrificed one-third of his army, and infused new life into the rebellion, apparently with a view to throw odium on the administration for refusing to send him McDowell's corps, when his army was so large as to be unwieldy in his hands, and its movements too tardy to be effective!

Because he availed himself of this refusal, and of every other difference he had with the War Department or the President, to disseminate a sentiment that he had been unjustly dealt with, and that the Administration was jealous of him.

Because whenever a battle occurred in which his forces were engaged he was uniformly away from the field, and never, until Antietam, saw the action, or directed in any way whatever beyond the merest original directions for placing corps, so that in case of disaster he was not on hand to remedy it, and his corps commanders had to manage for themselves.

Because he omitted two great opportunities of taking Richmond, when he could have done so with ease, that is, after the battle of Fair Oaks, and after the victory at Malvern Hill, thus indicating an incompetency to improve an advantage, which was more signally exhibited after the victory of Antietam.

Because after he had routed the rebel army at Malvern Hill he ordered a disastrous retreat, leaving his wounded in the enemy's hands and demoralizing our army when it had restored its prestige.

Because after Antietam he represented that his army could not move for want of shoes, &c., when Burnside took the same army and moved it with the greatest celerity, showing that McClellan sought to throw upon his army the burden of his own indisposition to fight.

Because he was intent, not upon the crushing of the rebellion, but upon a political campaign for the Presidency, which distracted his attention, weakened his military policy, gave aid and comfort to the enemy, strengthened the copperheads, and antagonized the national Administration, so that instead of being the general-in-chief in the war against the rebels, he was merely a copperhead candidate for the Presidency.

Because he surrounded himself with copperhead traitors, opposed to the war and in sympathy with the enemy, who conducted his affairs to suit themselves, influencing his letters and policy, and so rendering it impossible for the Administration to carry out its own views, although responsible for the management of affairs.

Because he had tampered with the sentiment of the army of the Potomac, making it a mere personal machine, devoted to himself, and willing to serve under no generals except of his choosing, instead of serving under the national flag without regard to men; his object in such a course being evidently to prevent the government from removing him for incompeteney or punishing any of his insolent satellites like Porter.

Because, instead of doing anything to crush the rebellion, his letters and orders showed that his whole mind was turned upon giving lessons in political matters upon general polley and civil affairs to President Lincoln, Generals Buell and Halleck, and in fact all within his reach. Thus, instead of telling Halleck when to attack the foe and where, he was anxious only that the war should be conducted on a pro-slavery basis, and in like manner his orders to Buell were wasted in political stuff, while Grant was gaining the victory of Fort Donelson in the same department, though under Halleck's orders.

BRIGADIER General George W. Gordon of the rebel army, who was killed on the 20th in the Shenandoah Valley, was a graduate of Yale College in the class of 1849, and was a prominent and successful lawyer in Savannah, Georgia, before the rebellion. His wife was from Fairchild, Connecticut.

IT is reported that a chaplain in Sheridan's army on the Sunday prior to the victory, gave out the following hymn:

Early my God, without delay,
I haste to seek thy face.

And preached a sermon from the text: "They that seek me early, shall find me."

MEXICAN MUSTANG LINIMENT.

The parties in St. Louis and Cincinnati, who have been Counterfeiting the Mustang Liniment under pretense of proprietorship, have been thoroughly estoped by the Courts. To guard against further imposition, I have procured from the United States Treasury, a private steel plate revenue stamp, which is placed over the top of each bottle. Each stamp bears the *fac simile* of my Signature, and without which the article is a Counterfeit, dangerous and worthless imitation. Examine every bottle. This Liniment has been in use and growing in favor for many years. There hardly exists a hamlet on the habitable Globe that does not contain evidence of its wonderful effects. It is the best emollient in the world. With its present improved ingredients, its effects upon man and beast are perfectly remarkable. Sores are healed, pains relieved, lives saved, valuable animals made useful, and untold ills assuaged. For cuts, bruises, sprains, rheumatism, swellings, bites, cuts, caked breasts, strained horses, &c., it is a Sovereign Remedy that should never be dispensed with. It should be in every family. DIARRHŒA AND DYSENTERY.

We have examined a great number of letters from some of the most prominent citizens of Cincinnati and Covington, etc., speaking in the highest terms of Dr. Strickland's Anti-Cholera Mixture for the cure of diarrhœa and dysentery. The letters are too long to publish. Mr. Woods, of Covington, says he was pronounced incurable by the best doctors in Cincinnati, and one bottle of Dr. Strickland's Anti-Cholera Mixture effected a permanent cure after suffering for months with the worst form of diarrhœa and dysentery.

Another says he was discharged from the United States service after suffering in the hospital for eight months as incurable, and as a last resource tried Strickland's Anti-Cholera Mixture. He got well directly and has now entered the army again in good health. One man writes he has cured seven or eight very bad cases of diarrhœa and dysentery in the barracks he was in with one bottle of this valuable medicine. In fact we could fill half our paper with similar items from these letters. Why does not our government secure this valuable preparation? Our army ought to be supplied with it. It is but a short time since one of our men lay in a very low condition at one of our Cincinnati Hospitals, his wife was sent for. The doctors considered his case an hopeless case. She, however, gave him Strickland's Anti-Cholera Mixture, and in three weeks he was able to return home with his wife to New Richmond, O. All these cases right at home speak for themselves. We hope all the soldiers will put a bottle of it in their knapsacks. It may save them or some of their comrades. It is for sale by Druggists at 65 cents per bottle.

[Translated from the French.]

After having played on the Piano of Messrs. Knabe & Co., it is impossible not to bear testimony to their qualities, which have acquired for them the eminent reputation which they enjoy. The Pianos of their manufacture, on which I have played, are exceedingly remarkable for their qualities. The bass is powerful without harshness, and the upper notes sweet, clear and harmoniously mellow, (chrystaline,) and I do not hesitate to express in regard to these instruments my entire satisfaction, and to declare that they are equal *if not superior* to the best manufactured in Europe or this country by the most celebrated makers.

The security given, which is already large, will constantly increase with each year of successful operation. This is exhibited clearly in the following statement, showing the position of the company in each year since the new system of dividing profits was adopted:

Net assets possessed by company.	
July, 1856	$570,363 43

The insured incur no liability whatever while obtaining these advantages. The company has reserved the right to issue policies which do not participate in the profits, and such policies will be issued to those who prefer it, at prices as low as any company can insure, and at the same time present permanent security to their customers.

GEORGE T. HOPE, President.
H. H. LAMPORT, Secretary.
CYRUS PEIK, Assistant Secretary.

New York, Office 102 Broadway.

We have taken the agency of the above named Insurance Company for Rock county, and intend either personally or by substitutes to canvass the whole county soliciting business in its behalf. It is a stock company, and stands among the heaviest and most reliable institutions in New York. Dividing 75 per cent. of its net profits among its participating policy holders, makes it one of the most desirable companies in which to insure. Risks taken on merchandise, buildings, and all household property at the customary rates. J. S. CHAPIN.

RED JACKET

STOMACH BITTERS,
STOMACH BITTERS,
STOMACH BITTERS.

The proprietors of this justly esteemed and well-known brand of Stomach Bitters, do not deem it necessary, in order to give their goods a fictitious, or even an enhanced value, to take a *fling* at *all* other Bitters, and proclaim in small capitals that they are worthless. Our Bitters do not need this, as we place them before the public on their merits, and invite your careful attention to the goods we allow our brand upon, knowing as we do so, that our reputation is at stake. The name, "Red Jacket," is taken from the original compound by the native child of the forrest, and with the addition of a few herbs by Dr. Chapin, made more agreeable to the taste, they have now a peculiarly healthy, soothing and recuperative influence, especially for the patient rising from the bed of sickness, loss of appetite, distress after eating, dizziness, and all diseases arising from Torpid Liver or Indigestion.

They strengthen and invigorate the system.
They are unequaled for general debility.
They are a sure cure for dyspepsia.
They give a good and healthy appetite.
They assist digestion.
They are the best stimulant in existence.
They are a sure preventive of Fever and Ague.
They relieve constipation.
They cure Nervous Headache.
They are perfectly pure and palatable.
They make the debilitated strong, and restore to strength the exhausted.

Aged persons and delicate females will find they can save large doctor's bills by the use of these Bitters.

NEWSPAPERARCHIVE®

NEWSPAPERARCHIVE®

Janesville Daily Gazette.

TUESDAY, OCTOBER, 4, 1864.

SAWYER'S CRYSTAL BLUE, AND BLEACHING PREPARATION.—This Preparation is much superior and cheaper than any other Blue, requiring no preparation for use, and is the *only Article extant for bleaching* and restoring clothes, yellowed by age, or bad washing, to a *pure white*, without *injury*. It does not *settle* in the water and clothes, giving them a "muddy blue" color, like indigo, but is *perfectly soluble*, leaving the water *clear*; and imparts a *delicate blue-white tint* to articles, without depositing any *sediment* or stain, and is *warranted* not to injure the most delicate fabric, and when known by housekeepers will supercede all others.

It has now been in use in the N. E. States for over ten years, and invariably given satisfaction, and is of the *same standard quality* as when first introduced, but owing to the numerous *cheap* and *worthless imitations* that have been put into the market, we have been compelled to adopt the new PATENT SAFETY BOXES which cannot be imitated; and being put up in this style it is more *economical* than other Blues, as there is *no waste*, the arrangement of the Boxes being such that the *slightest quantity* can be used if necessary.

CONRAD & VANKIRK are the sole agents for the above preparation in this county. Price 15 cts. per box. The Trade supplied at a liberal discount.

LIABILITIES.

Losses unpaid, and all other liabilities of every description	$32,591 29

The security given, which is already large, will constantly increase with each year of successful operation. This is exhibited clearly in the following statement, showing the position of the company in each year since the new system of dividing profits was adopted:

Net assets possessed by company, July,	
1859	$570,364 43
" 1857	639,749 54

The insured incur no liability whatever while obtaining these advantages. This company has reserved the right to issue policies which do not participate in the profits, and such policies will be issued to those who prefer it, at prices as low as any company can insure, and at the same time present permanent security to their customers.

We have taken the agency of the above named Insurance Company for Rock county, and intend either personally or by substitutes to canvass the whole county soliciting business in its behalf. It is a stock company, and stands among the heaviest and most reliable institutions in New York. Dividing 75 per cent. of its net profits among its participating policy holders, makes it one of the most desirable companies in which to insure. Risks taken on merchandise, buildings, and all homestead property at the customary rates. J. S. CHAPIN. 787jly15dawtf

STOMACH BITTERS.
STOMACH BITTERS.
STOMACH BITTERS.

The proprietors of this justly esteemed and well-known brand of Stomach Bitters, do not deem it necessary, in order to give their goods a fictitious, or even an enhanced value, to take *a fling* at *all* other Bitters, and proclaim in small capitals that they are worthless. Our Bitters do not need this, as we place them before the public on their merits, and invite your careful attention to the goods we allow our brand upon, knowing as we do so, that our reputation is at stake. The name, "Red Jacket," is taken from the original compound by the native child of the forrest, and with the addition of a few herbs by Dr. Chapin, made more agreeable to the taste, they have now a peculiarly healthy, soothing and recuperative influence, especially for the patient rising from the bed of sickness, loss of appetite, distress after eating, dizziness, and all diseases arising from Torpid Liver or Indigestion.

They strengthen and invigorate the system.
They are unequaled for general debility.
They are a sure cure for dyspepsia.
They give a good and healthy appetite.
They assist digestion.
They are the best stimulant in existence.
They are a sure preventive of Fever and Ague.
They relieve constipation.
They cure Nervous Headache.
They are perfectly pure and palatable.
They make the debilitated strong, and restore to strength the exhausted.

Aged persons and delicate females will find they can save large doctor's bills by the use of these Bitters.

Who take pleasure in placing their machines before the public, and unhesitatingly say they are the best in the world, and openly and publicly challenge machines of any and all manufacturers to do as large a range of work as can easily be done on one of these machines. They make

FOUR DIFFERENT STITCHES,

and have all the advantages of a reversible feed motion, which carries the work either way, which, together with making all the four stitches, can be done whilst the machine is in motion; the saving of time in stopping to change the length of stitch, is obviated by this machine.

Peoples' Edition of Parton's

Gen. Butler in New Orleans.

One Volume, Octavo, Paper, Price 75c

With the view of meeting the extensive popular demand for this remarkable book, this edition has been prepared. The page and type are similar to those of *Harper's Magazine*. Some of the less important documents are omitted, and in some instances the account has been condensed, yet never so as to interfere with the interest or completeness of the story.

Unquestionably this book stands pre-eminent in interest among all yet occasioned by the rebellion. Its subject and author combine to render it fascinating. Fifteen editions have been called for as fast as they could be printed. It has been most warmly commended by the loyal press of the country, and scarcely less so by a portion at least of the English press, by whom it is acknowledged to be a complete vindication of Gen. Butler from the malicious charges which envy and hatred have brought against him.

It contains an anecdotal sketch of Gen. Butler's brilliant and remarkable career at the bar of Massachusetts; a history of the secret movements in the Charleston Convention; conversations between Gen. Butler and the leading secessionists at Washington in December, 1860; the real plans of the traitors; Gen. Butler invited to join them; his advice to Buchanan; his efforts in preparing Massachusetts for war; the celebrated march, via. Annapolis, to Washington; collision with Gen. Scott; his course at Fortress Monroe; the history of the *contrabands*; his advice to the Administration how to take Richmond; the truth about the battle of Great Bethel; the Hatteras Expedition; the secret history of the New Orleans Expedition; the adventures of the General in getting to Ship Island; a full account of the capture of New Orleans; the landing of the troops in the city; a complete narrative of succeeding events, with a large number of highly interesting narratives and anecdotes never before published; the recall of Gen. Butler, and the explanation given of it by the Government; his present opinions upon the great issues before us.

Edition in large type, crown, 8vo., cloth, 652 pages, price $2.50. People's Edition, 8vo., paper, 75 cents. German Edition $1. Sent by mail on receipt of price.

READ WHO SAYS SO:

From the Hon. Thomas B. Florence.
From the Hon. Thomas B. Florence.
From the Hon. Thomas B. Florence.

WASHINGTON, Jan. 1st, 1864.

Gentlemen:—Having stated it verbally to you, I have no hesitation in writing the fact, that I experienced marked benefit from your Hoofland's German Bitters. During a long and tedious session of Congress, pressing and onerous duties nearly prostrated me. A kind friend suggested the use of the preparation I have named. I took his advice, and the result was improvement of health, renewed energy, and that particular relief I so much needed and obtained. Others may be similarly advantaged if they desire to be.

Truly your friend, THOMAS B. FLORENCE.

From **John B. Withersham,** Esq., firm of Withersham and Hutchinson, the celebrated manufacturers of Fancy Iron Works, 259 Canal street:

I am the recipient from you of one of the greatest favors that can be conferred upon man, viz., that of health. For many years have I suffered from one of the most annoying and debilitating complaints that the human family can be afflicted with, Chronic Diarrhea.

During the long time I was suffering from this disease, I was attended by regular physicians, giving me but temporary relief. The cause seemed to remain until I was induced to try Hoofland's German Bitters. After the use of a few bottles of that valuable medicine, the complaint appeared to be completely eradicated.

I often inwardly thank you for such a valuable specific, and, when I have an opportunity, cheerfully recommend it, with full confidence in its reliability.

Truly yours, JOHN B. WITHERSHAM.
New York, Feb. 2, 1864.

From **Julius Lee,** Esq., firm of Lee & Walker, the most extensive Music Publishers in the United States, No. 722 Chestnut street, Philadelphia.

February 8th, 1864.

Messrs. Jones & Evans—Gentlemen: My mother-in-law has been so greatly benefitted by your Hoofland's German Bitters that I concluded to try it myself. I find it to be an invaluable tonic, and unhesitatingly recommend it to all who are suffering from dyspepsia. I have had that disease in its most obstinate form—flatulence—for many years, and your Bitters has given me ease when everything else had failed.

Yours truly, JULIUS LEE.

From the Hon. Jacob Broom.

PHILADELPHIA, Oct. 7th, 1863.

Gentlemen:—In reply to your inquiry as to the effect produced by the use of Hoofland's German Bitters in my family, I have no hesitation in saying that it has been highly beneficial. In one instance, a case of dyspepsia of thirteen years' standing, and which had become very distressing, the use of one bottle gave decided relief, the second effecting a cure, and the third, it seems, has confirmed the cure, for there has been no symptoms of its return for the last six years. In my individual use of it, I find it to be an unequalled tonic and sincerely recommend its use to the sufferers.

Truly yours, JACOB BROOM, 1707 Spruce.

From **Rev. W. D. Seigfried,** Pastor of the 12th Baptist Church:

PHILADELPHIA, December 26th, 1863.

Messrs. Jones & Evans—Gentlemen: I have recently been laboring under the distressing effects of indigestion, accompanied by a prostration of the nervous system. Numerous remedies were recommended by friends, and some of them tested but without relief. Your Hoofland's German Bitters were recommended by persons who had tried them, and whose favorable mention of the Bitters induced me also to try them. I must confess that I had an aversion to Patent Medicines, from the "thousand and one" quack "Bitters," whose only aim seems to be to palm off sweetened and drugged liquor upon the community, in a sly way; and the tendency of which, I fear, is to make many a confirmed drunkard. Upon learning that yours was really a medicinal preparation, I took it with happy effect. Its action not only upon the stomach, but upon the nervous system, was prompt and gratifying. I feel that I have derived great and permanent benefit from the use of a few bottles

Very respectfully yours, W. D. SEIGRIED,
No. 254 Shackamaxon Street.

From the **Rev. Thos. Winter,** D. D., Pastor of Roxbury Baptist Church:

Dr. Jackson—Dear Sir: I feel it due to your excellent preparation, Hoofland's German Bitters, to add my testimony to the deserved reputation it has obtained. I have for years, at times, been troubled with great disorder in my head and nervous system. I was advised by a friend to try a bottle of your German Bitters. I did so, and have experienced great and unexpected relief; my health has been very materially benefitted. I confidently recommend the article where I meet with cases similar to my own, and have been assured by many of their good effects.

Respectfully yours, E. WINTER,
Roxborough, Pa.

From **Rev. J. S. Herman,** of the German Reformed Church, Kutztown, Berks county, Pa.

Dr. C. Jackson—Respected Sir: I have been troubled with Dyspepsia nearly twenty years, and have never used any medicine that did me as much good as Hoofland's German Bitters. I am very much improved in health, after having taken five bottles.

Yours, with respect, J. S. HERMAN.

FLORENCE SEWING MACHINE

Over the Post Office!

There is nothing so much sought for by the public as a practical Sewing Machine, one that is

Simple, Strong & Reliable.

One that will run for years without the annoyance of being out of repair; one that is noiseless and swift in motion; also that makes the stitch as you want it, alike on both sides of the fabric; such are the machines of the

FLORENCE SEWING MACHINE

COMPANY!

Who take pleasure in placing their machines before the public, and unhesitatingly say they are the best in the world, and openly and publicly challenge machines of any and all manufactures to do as large a range of work as can easily be done on one of these machines. They make

FOUR DIFFERENT STITCHES,

and have all the advantages of a reversible feed motion, which carries the work either way, which, together with making all the four stitches, can be done whilst the machine is in motion; the saving of time in stopping to change the length of stitch, is obviated by this machine.

Any correspondence regarding our machines will be promptly answered. Enclose a letter stamp and we will send circular and sample of work by return mail.

Peoples' Edition of Parton's

Gen. Butler in New Orleans.

One Volume, Octavo, Paper, Price 75c

With the view of meeting the extensive popular demand for this remarkable book, this edition has been prepared. The page and type are similar to those of *Harper's Magazine*. Some of the less important documents are omitted, and in some instances the account has been condensed, yet never so as to interfere with the interest or completeness of the story.

Unquestionably this book stands pre-eminent in interest among all yet occasioned by the rebellion. Its subject and author combine to render it fascinating. Fifteen editions have been called for as fast as they could be printed. It has been most warmly commended by the loyal press of the country, and scarcely less so by a portion at least of the English press, by whom it is acknowledged to be a complete vindication of Gen. Butler from the malicious charges which envy and hatred have brought against him.

It contains an anecdotal sketch of Gen. Butler's brilliant and remarkable career at the bar of Massachusetts; a history of the secret movements in the Charleston Convention; conversations between Gen. Butler and the leading secessionists at Washington in December, 1860; the real plans of the traitors; Gen. Butler invited to join them; his advice to Buchanan; his efforts in preparing Massachusetts for war; the celebrated march, via. Annapolis, to Washington; collision with Gen. Scott; his course at Fortress Monroe; the history of the *contrabands*; his advise to the Administration how to take Richmond; the truth about the battle of Great Bethel; the Hatteras Expedition; the secret history of the New Orleans Expedition; the adventures of the General in getting to Ship Island; a full account of the capture of New Orleans; the landing of the troops in the city; a complete narrative of succeeding events, with a large number of highly interesting narratives and anecdotes never before published; the recall of Gen. Butler, and the explanation given of it by the Government; his present opinions upon the great issues before us.

Edition in large type, crown, 8vo., cloth, 662 pages, price $2.50. People's Edition, 8vo., paper, 75 cents. German Edition $1. Sent by mail on receipt of price.

From the Hon. Thomas B. Florence.

WASHINGTON, Jan. 1st, 1864.

Gentlemen:—Having stated it verbally to you, I have no hesitation in writing the fact, that I experienced marked benefit from your Hoofland's German Bitters. During a long and tedious session of Congress, pressing and onerous duties nearly prostrated me. A kind friend suggested the use of the preparation I have named. I took his advice, and the result was improvement of health, renewed energy, and that particular relief I so much needed and obtained. Others may be similarly advantaged if they desire to be.

Truly your friend, THOMAS B. FLORENCE.

From John B. Withersham, Esq., firm of Withersham and Hutchinson, the celebrated manufacturers of Fancy Iron Works, 259 Canal street:

I am the recipient from you of one of the greatest favors that can be conferred upon man, viz., that of health. For many years have I suffered from one of the most annoying and debilitating complaints that the human family can be afflicted with, Chronic Diarrhœa.

During the long time I was suffering from this disease, I was attended by regular physicians, giving me but temporary relief. The cause seemed to remain until I was induced to try Hoofland's German Bitters. After the use of a few bottles of that valuable medicine, the complaint appeared to be completely eradicated.

I often inwardly thank you for such a valuable specific, and, when I have an opportunity, cheerfully recommend it, with full confidence in its reliability.

Truly yours, JOHN B. WITHERSHAM.
New York, Feb. 2, 1864.

From Julius Lee, Esq., firm of Lee & Walker, the most extensive Music Publishers in the United States, No. 722 Chestnut street, Philadelphia.

February 8th, 1864.

Messrs. Jones & Evans—Gentlemen: My mother-in-law has been so greatly benefitted by your Hoofland's German Bitters that I concluded to try it myself. I find it to be an invaluable tonic, and unhesitatingly recommend it to all who are suffering from dyspepsia. I have had that disease in its most obstinate form—flatulence—for many years, and your Bitters has given me ease when everything else had failed.

Yours truly, JULIUS LEE.

From the Hon. Jacob Broom.

PHILADELPHIA, Oct. 7th, 1863.

Gentlemen:—In reply to your inquiry as to the effect produced by the use of Hoofland's German Bitters in my family, I have no hesitation in saying that it has been highly beneficial. In one instance, a case of dyspepsia of thirteen years' standing, and which had become very distressing, the use of one bottle gave decided relief, the second effecting a cure, and the third, it seems, has confirmed the cure, for there has been no symptoms of its return for the last six years. In my individual use of it, I find it to be an unequalled tonic and sincerely recommend its use to the sufferers.

Truly yours, JACOB BROOM, 1707 Spruce.

From Rev. W. D. Seigfried, Pastor of the 12th Baptist Church:

PHILADELPHIA, December 26th, 1863.

Messrs. Jones & Evans—Gentlemen: I have recently been laboring under the distressing effects of indigestion, accompanied by a prostration of the nervous system. Numerous remedies were recommended by friends, and some of them tested but without relief. Your Hoofland's German Bitters were recommended by persons who had tried them, and whose favorable mention of the Bitters induced me also to try them. I must confess that I had an aversion to Patent Medicines, from the "thousand and one" quack "Bitters," whose only aim seems to be to palm off sweetened and drugged liquor upon the community, in a sly way; and the tendency of which, I fear, is to make many a confirmed drunkard. Upon learning that yours was really a medicinal preparation, I took it with happy effect. Its action not only upon the stomach, but upon the nervous system, was prompt and gratifying. I feel that I have derived great and permanent benefit from the use of a few bottles

Very respectfully yours, W. D. SEIGRIED.
No. 254 Shackamaxon Street.

From the Rev. Thos. Winter, D. D., Pastor of Roxbury Baptist Church:

Dr. Jackson—Dear Sir: I feel it due to your excellent preparation, Hoofland's German Bitters, to add my testimony to the deserved reputation it has obtained. I have for years, at times, been troubled with great disorder in my head and nervous system. I was advised by a friend to try a bottle of your German Bitters. I did so, and have experienced great and unexpected relief; my health has been very materially benefitted. I confidently recommend the article where I meet with cases similar to my own, and have been assured by many of their good effects.

Respectfully yours, E. WINTER,
Roxborough, Pa.

From Rev. J. S. Herman, of the German Reformed Church, Kutztown, Berks county, Pa.

Dr. C. Jackson—Respected Sir: I have been troubled with Dyspepsia nearly twenty years, and have never used any medicine that did me as much good as Hoofland's German Bitters. I am very much improved in health, after having taken five bottles.

Yours, with respect, J. S. HERMAN.
